

Get The Scoop from Disney Dave

Disney Genie Launches October 19 at WDW!

The goal of [Disney Genie](#) is to optimize Guests' time and experience. It will be similar to a navigation app on your phone, with updates based on your location and interests. It will match your "must-dos", and help get the most out of your day. Any pre-existing plans such as dining reservations are taken into account as suggestions are made.

Fast Facts:

Disney Genie is a free service / app; Disney Genie Plus costs \$15/day.

- Disney Genie+ provide access to the [Lightning Lane](#) attractions (rides shown in purple on next page).
- Lightning Lane works like the old [FastPass](#) system for select attractions but you cannot make selections until the day of your visit.
- (8) rides are **NOT INCLUDED** in Lightning Lane pass and need to be purchased individually – see the rides shown in blue on next page)
- One person can make Lightning Lane selections for everyone in a party; or if you want to break the group up, you can do that as well.
- You do NOT need to purchase DG+ for the entire length of your ticket, you buy it the day of.
- Disney Genie+ includes access to Augmented Reality Lenses - 20 to choose from, you can transform yourself into the Genie, or enjoy a plate of virtual spaghetti with your favorite Tramp.
- Annual Passholders – same as above.
- A date for Disneyland has not yet been determined.

How Disney Genie Works - DG will use algorithms to make recommendations for attractions and dining based on your interests, wait times, and even the weather (if storms are rolling in an indoor attraction may be recommended). Current and forecast wait times are shown and a Tip Board helps you figure out your next move. You can even join the Wait List at full-service restaurants that have spots available. If you plan to Park Hop, Disney Genie adapts! You simply enter the time you plan to be at your next park, and your suggestions will be updated.
